Declaration of operational compliance between Tigo's TS4 Module Platform and NeoVolta Inverters.

Tigo and NeoVolta are pleased to announce that the following ESS inverters from NeoVolta:

NV14

can be used successfully in combination with the following TS4 product families from Tigo:

TS4-O
TS4-A-O

TS4-S
TS4-A-S

Tigo and NeoVolta have conducted testing and validated the effective performance of the systems together within standard testing environments. Warranties from NeoVolta and Tigo will remain valid if the design, installation, and operation requirements are followed for each product.
